

for excellence in care

Since 1867, Royal Freemasons has enjoyed a commitment to care for older persons in Victoria. Wherever our customers may be or whatever their circumstance, our investment in their care and accommodation helps to provide them with a secure, dignified and rewarding life.

Royal Freemasons offers Aged Care, Home Care, Independent and Retirement Living, at all levels of affordability. Our aged care and home services are metropolitan based and Independent Living Units are also located in regional centres.

Our 'Wellness Services' comprise a dedicated team of allied health professionals specifically skilled in listening to customer needs. Stimulating, customised programs promote independence and wellbeing for all customers.

Our Day Therapy (Commonwealth Homes Support Program) can be accessed by elderly residents in the community.

Modern accommodation and an innovative approach, make **Royal Freemasons** the perfect choice for you or your loved one.
