Care & Support, Direct to Your Door

Royal Freemasons mission is to support your health and well-being, through innovative, respectful and tailored in-home care solutions. We can help you to live independently in the community, offering choice, flexibility and control to maintain your quality of life.

We promote a model of care that is client centered on dignity, respect and individualism. Drawing on a diverse and experienced team of healthcare professionals including registered nurses, allied health and support workers, we offer services that are inclusive to all backgrounds, cultures and special needs groups. We employ our own staff, trained to our expectations for service and care delivery, to provide the most appropriate high-quality services, safely and with continuity.

All of our Home Support programs are individually tailored to your needs depending on your circumstances and preferences. We work in partnership with you providing help and assistance with a wide range of personal and household tasks as well as on-going review of care. We encourage feedback to assist our provision of the most appropriate range of services while you continue to have choice and control in decision-making.

FOUR LEVELS OF HOME CARE PACKAGES:
